(Note – Directions for using the ‘Test Dot Card’)

- (1) Place the recruit with his back to the light and hold the test card perfectly upright in front of him at a measured distance of exactly 100 feet. The light should fall fully on the card.
- (2) Examine each eye separately. The eye not under trial should be shaded by the hand of an Assistant who will take care not to press on the eye ball.
- (3) Expose some of the ‘dots’ not more than seven or eight at a time and desire the recruit make their number and position. Vary the groups frequently to provide against deception.
